mpe roundtables

the ultimate fusion of expertise and networking

The centrepiece of mpe 2025 conference

Immerse yourself in dynamic discussions, share insights, and spark innovation in a collaborative setting designed for meaningful connections. Led by industry champions, these roundtables provide deep-dive into the topics that match your interests and networking.

35
roundtables

60
minutes each

10
seats per table

Become a
roundtable
champion!

Interactive format

With a capacity 10 people, these micro-events target detailed facilitated conversations around payment subjects from both the main program and specific merchant payments verticals. Visual support on the screen is possible only with data & research.

Why should you NOT miss mpe roundtables?

- + **Unparalleled networking opportunities:** Engage with a group of 10 like-minded professionals in your field. These intimate settings foster meaningful connections and allow for personalized, impactful conversations that go beyond surface-level networking.
- + **Focused expertise in action:** Gain exclusive insights from industry champions leading each roundtable. Each discussion is a masterclass in collaboration, diving deep into specialized payment topics and merchant verticals, ensuring relevance and actionable takeaways.
- + **Tailored content for maximum relevance:** Choose from 35 topics aligned with the main program and niche payment sectors. Customize your experience by selecting discussions that resonate with your goals, ensuring every minute delivers value.
- + **Dynamic and engaging format:** Enjoy a highly interactive setup designed for active participation, knowledge exchange, and real-time problem-solving. The small group size ensures everyone's voice is heard.
- + **Data-driven conversations:** Leverage exclusive research and visual aids to enrich discussions. Whether you're exploring trends or diving into analytics, these tools empower participants to make informed, strategic decisions.
- + **Spark innovation through collaboration:** These roundtables serve as think tanks where diverse perspectives converge to generate fresh ideas, tackle industry challenges, and inspire breakthrough solutions.
- + **Time-efficient learning:** Each session is designed for maximum impact, providing concentrated insights in a compact 1-hour timeframe.
- + **Be part of the thought leadership ecosystem:** By participating, you're not just learning—you're shaping the conversations that drive industry evolution. Your contributions influence trends and best practices in real-time.
